

Mountain City Coffeehouse & Creamery is located in the heart of historic Frostburg, Maryland also known as the Mountain City, and home to Frostburg State University. Established in 1882 and rebuilt in 1938, the building stands as a treasure to the downtown landscape and enchants locals and visitors with its Gothic architecture and outdoor seating. We like to think of ourselves as "that third place." Besides from home and work, everyone needs that "third place" to claim and call their own. Mountain City Coffeehouse & Creamery takes pride in being that "third place" and welcomes you to join our Coffeehouse family.

Throughout the year, Mountain City Coffeehouse and Creamery hosts special community events. Stop in and check out **Frostburg's first cyber-cafe!**
